

Publications in international (refereed) journals

Diaz BA, Van Der Sluis S, **Benjamins JS**, Stoffers D, Hardstone R, Mansvelder HD, Van Someren EJW, Linkenkaer-Hansen K. *The ARSQ 2.0 reveals age and personality effects on mind-wandering experiences*, Front Psych 2014; 5:271

Diaz BA, Van Der Sluis S, Moens S, **Benjamins JS**, Migliorati F, Stoffers D, Den Braber A, Poil SS, Hardstone R, Van 't Ent D, Boomsma DI, De Geus E, Mansvelder HD, Van Someren EJW, Linkenkaer-Hansen K. *The Amsterdam Resting-State Questionnaire reveals multiple phenotypes of resting-state cognition*. Front Hum Neurosci 2013; 7:446.

Stoffers D, Moens S, **Benjamins JS**, van Tol MJ, Penninx BWHJ, Veltman DJ, van der Wee N, van Someren EJW. *Orbitofrontal gray matter relates to early morning awakening: a neural correlate of insomnia complaints?* 2012; Front Neur 3:105.

Paffen CLE, Hooge ITC, **Benjamins JS**, Hogendoorn H. *A search asymmetry for interocular conflict*. Atten Percept Psychophys 2011; 73(4): 1042-53.

Benjamins JS, Hooge ITC, van Elst JC, Wertheim AH, Verstraten FAJ. *Search time critically depends on irrelevant subset size in visual search*. Vis Res 2009; 49(3): 398-406.

Benjamins JS, van der Smagt MJ, Verstraten FAJ. *Matching auditory and visual signals: Is sensory modality just another feature?* Perception 2008; 37(6): 848-58.

Benjamins JS, Hooge ITC, van der Smagt MJ, Verstraten FAJ. *Disengaging attention sets the temporal limit of attentive tracking*. Vis Res 2007; 47(8): 1055-9.

Van Schie HT, Wijers AA, Mars RB, **Benjamins JS**, Stowe LA. *Processing of visual semantic information to concrete words: temporal dynamics and neural mechanisms indicated by event-related brain potentials*. Cogn Neuropsychol 2005; 22(3-4): 364-86.

Book chapters

van Someren EJW, van der Werf YD, Altena E, Ramautar J, Stoffers D, **Benjamins J**, Moens S, Jong E, Hong SB. *Imaging causes and consequences of insomnia and sleep complaints*. In: Nofzinger E, Maquet P, Thorpy M (eds), Neuroimaging of Sleep and Sleep Disorders. Cambridge, Cambridge University Press, 2013:187-196.

Presented abstracts

Benjamins JS, *The use of internet to find insomnia subtypes: mining a large database*. 22nd Congress of the European Sleep Research Society, Tallinn, Estonia, 2014. Published in J Sleep Res 23, s1:28

Vermeulen MCM, Astill RG, **Benjamins JS**, Swaab H, Van Someren EJW, Van der Heijden KB. *Temperament moderates the association between sleep duration and cognitive performance in children*, 22nd Congress of the European Sleep Research Society, Tallinn, Estonia, 2014. Published in J Sleep Res 23, s1:100

Wassing PF, **Benjamins JS**, Dekker K, Moens S, Van Der Werf YD, Talamini LM, Walker ME, Schalkwijk F, Van Someren EJW. *Slow dissolving of emotional distress contributes to hyperarousal*, 22nd Congress of the European Sleep Research Society, Tallinn, Estonia, 2014. Published in J Sleep Res 23, s1:133

Petzka M, Birklbauer J, **Benjamins JS**, Gruber G, Van Someren EJW, Hoedlmoser K. *Sleep to boost adaptation of an over-practiced fine-motor skill*, 22nd Congress of the European Sleep Research Society, Tallinn, Estonia, 2014. Published in J Sleep Res 23, s1:181

Hoekstra T, **Benjamins JS**, Migliorati F, Twisk J, Van Someren EJW. *Empirically deriving distinct insomnia subtypes: The Netherlands Sleep Registry*, 22nd Congress of the European Sleep Research Society, Tallinn, Estonia, 2014. Published in J Sleep Res 23, s1:215

Benjamins J, Migliorati F, Dekker K, Wassing R, Moens S, Van Someren E, Hartescu L, Itzhacki J, Pinto T, Tesler N. *The sleep registry. An international online survey and cognitive test assessment tool and database for multivariate sleep and insomnia phenotyping*, 5th World Congress on Sleep Medicine, Valencia, Spain, 2013. Published in Sleep Medicine, 14, e293-e294

Hoedlmoser K, Petzka M, Birklbauer J, Gruber G, **Benjamins J**, Someren E Van, *Sleep to boost (re-) learning a fine-motor skill*, 5th World Congress on Sleep Medicine, Valencia, Spain, 2013. Published in Sleep Medicine, 14, e152-e153

Van Someren E, Astill R, **Benjamins J**, Migliorati F, Moens S, Dekker K. *Age and brain developmental factors that moderate the effect of sleep on cognition*, 2012; 21st Congress of the European Sleep Research Society, Paris, France, 2012. Published in J Sleep Res 21, s1:15

Benjamins JS, Moens S, van Someren EJW, *The Netherlands Sleep Registry: an online questionnaire and computer-based test tool*, 9th Dutch Endo-Neuro-Psycho Meeting (ENP), Lunteren, 2011.

Benjamins JS, Moens S, van Someren EJW, *The Netherlands Sleep Registry: an online questionnaire and computer-based test tool*, Annual meeting Neuroscience Campus Amsterdam, Amsterdam, 2011.

Benjamins JS, Moens S, van Someren EJW, *The Netherlands Sleep Registry: an online questionnaire and computer-based test tool*, VUmc Day of Science and Technology, Amsterdam, 2011.

Benjamins JS, van Someren EJW, *The Netherlands Sleep Registry: an online questionnaire and computer-based test tool*, Annual meeting Dutch Society for Sleep-Wake Research, Nieuwegein, 2010.

Benjamins JS, van Someren EJW, *The Netherlands Sleep Registry: an online questionnaire and computer-based test tool*, 20th Congress of the European Sleep Research Society, Lisbon, 2010. Published in J Sleep Res 19, s2: 356

Benjamins JS, van der Smagt MJ, Verstraten FAJ, *Matching auditory and visual signals: sensory modality might just be another feature*, Symposium Multisensory Perception, Tilburg, 2007.

Benjamins JS, Opletten!, Science Sunday 2007 workshop, Utrecht, 2007.
Benjamins JS, Hooge ITC, van Elst JC, Wertheim AH, Verstraten FAJ, *Visual search does not always show set size effect*, Heymans Colloquia Psychonomie, Groningen, 2007.

Benjamins JS, Hooge ITC, van Elst JC, Wertheim AH, Verstraten FAJ. *Less is more: search time depends on irrelevant subset size*. 30th Meeting of the European Conference on Visual Perception, Arezzo, 2007. Published in Perception 36, supplement: 163.

Benjamins JS, Hogendoorn H, Hooge ITC, Verstraten FAJ. *Temporal properties of task-irrelevant events: attentional capture is not purely bottom-up*. Annual meeting of the Vision Sciences Society, Sarasota, United States of America, 2007. Published in J Vis 7(9): 1089.

Benjamins JS, Hooge ITC, van der Smagt MJ, Verstraten FAJ, *Temporele eigenschappen van aandacht*, Colloquia Psychonomie, Utrecht, 2007.

Benjamins JS, Hooge ITC, van der Smagt MJ, Verstraten FAJ, *Attentive tracking and temporal properties of attention*, Helmholtz PhD-day, Amsterdam, 2006.

Benjamins JS, Hooge ITC, van der Smagt MJ, Verstraten FAJ, *Attentive tracking en temporele eigenschappen van aandacht*, Dag van de Perceptie, Soesterberg, 2006.

Benjamins JS, van der Smagt MJ, Verstraten FAJ. *The temporal limit of binding sound and colour*. 10th Dutch Society for Psychonomics (NVP) Winter Conference, Egmond aan Zee, 2005.

Benjamins JS, van der Smagt MJ, Verstraten FAJ. *The temporal limit of binding sound and colour*. 28th Meeting of the European Conference on Visual Perception, A Coruña, 2005. Published in Perception 34, supplement: 82

Benjamins JS, van der Smagt MJ, Verstraten FAJ. *The upper temporal limit of attention-based motion perception is not increased by an in-phase auditory stimulus*. The 3rd Helmholtz Retreat, Bergen 2005.

Benjamins JS, van der Smagt MJ, Verstraten FAJ. *The upper temporal limit of attention-based motion perception is not increased by an in-phase auditory stimulus*. Annual meeting of the Vision Sciences Society, Sarasota, United States of America, 2005.

Benjamins JS, van der Smagt MJ, Verstraten FAJ, *The temporal limits of binding sound and colour*, Helmholtz PhD-day, Utrecht, 2005.

Benjamins JS, van der Smagt MJ, Verstraten FAJ. *Auditory induced visual illusion does not improve visual detection*. NWO Summer School: from stimulus to understanding in language and perception, Doorwerth, 2004.

Benjamins JS, Verstraten FAJ, *Let op! Proef van de Dag*. Wetenweek 2004, Utrecht, 2004.

Benjamins JS, Cornelissen FW, *Parietal activations during judgments of brightness*. EuroGK meeting, Groningen, 2004.
